## 1. Introduction:

### 1.1 Purpose

Enlist Work in its simplest form, is described as the electronic publishing, communicating, accessing, receiving and submitting of all sub-contract-related information and documentation via the Internet, thereby replacing the traditional processes, and achieving a more efficient and effective business process for all parties involved.

Nowadays, WASIYOU TECHNOLOGY try to enhance their sub-contract management and have a better control over their company activities. In order to fulfill these requirements in a more efficient way they need software called Enlist Work.

This document is a software requirement specification (SRS) for the Enlist Work of WASIYOU TECHNOLOGY

Enlist Work project is being developed for WASIYOU TECHNOLOGY who wants to control and manage their company data in a more appropriate and neat way. With the help of this project they will have better software to manage their publishing, bidding and investing processing. By developed Enlist Work software will be a one with automation that will help the user to get best facility from the software. It will save year's data records, feedback to management, user review to management with effectively. It will be:

- Fast in response,
- It is possible to work in less time
- Easy to maintain and update information.

### 1.2 Feature List

SL#	Code	Activity Name
1	WEW-001-01	Registration
2	WEW-001-02	login
3	WEW-001-03	View Dashboard
4	WEW-001-04	Create Profile
5	WEW-001-05	Job Publishing
6	WEW-001-06	Search Jobs/Services
7	WEW-001-07	View list of Service/Category
8	WEW-001-08	Update Job
9	WEW-001-09	View Works progress
10	WEW-001-10	Get Notification
11	WEW-001-11	View & Write Review
12	WEW-001-12	Get Award
13	WEW-001-13	View Complete Work
14	WEW-001-14	View Pending work
15	WEW-001-15	Account Setting
16	WEW-001-16	Accounts

17	WEW-001-17	Membership Fee Entry
18	WEW-001-18	Payment Status
19	WEW-001-19	Report

## 2. Features Description

### 2.1 Registration Login & Create Profile

#### 2.1.1 Key Feature

Registration, login and create profile

#### 2.1.2 Actor List

1. Publisher
2. Admin

#### 2.1.3 Work Flow Diagram of Publisher Registration Login & Create Profile Process:

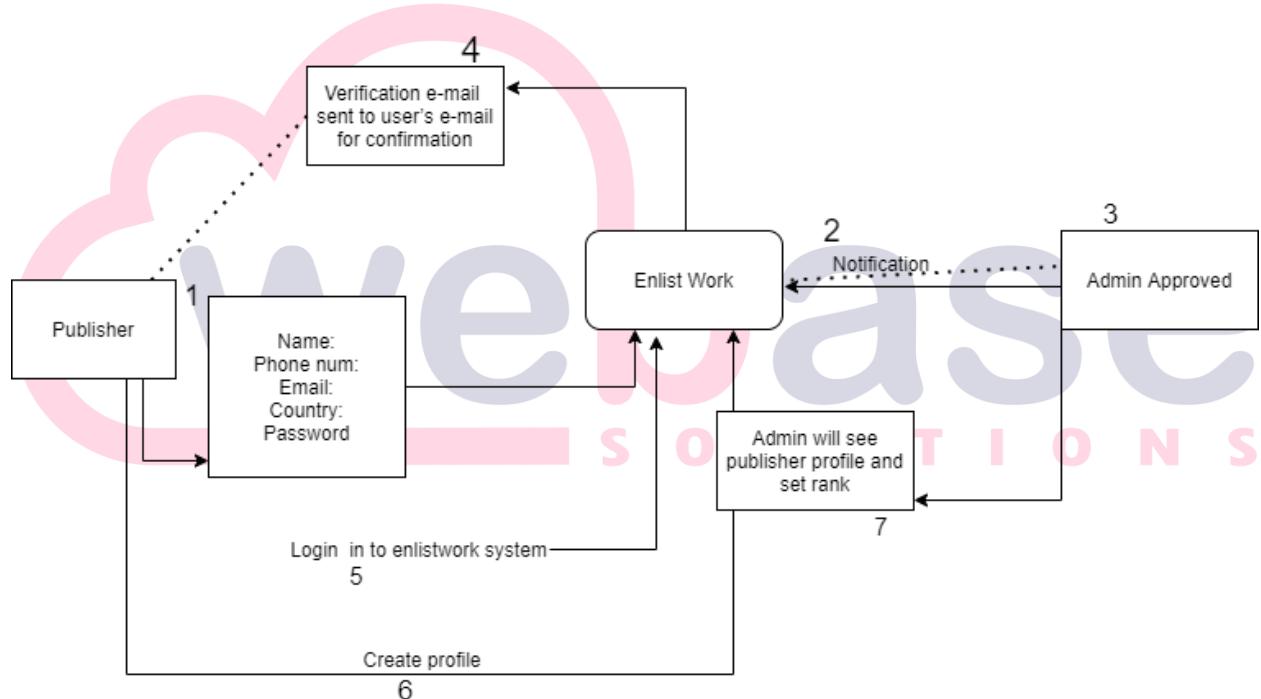

Figure-1: Workflow Diagram of Publisher Registration Login & Create Profile Process.

#### 2.1.4 Detail Description of Workflow Diagram:

1. The publisher will be registered with the name, phone number, email, country, and password.
2. Admin will approve publisher account.

3. Publisher get notification
4. Publisher login then create profile
5. Admin will review publisher profile and set rank

## 2.1.5 Solution of Features

### 2.1.5.1 Use case diagram of Publisher:

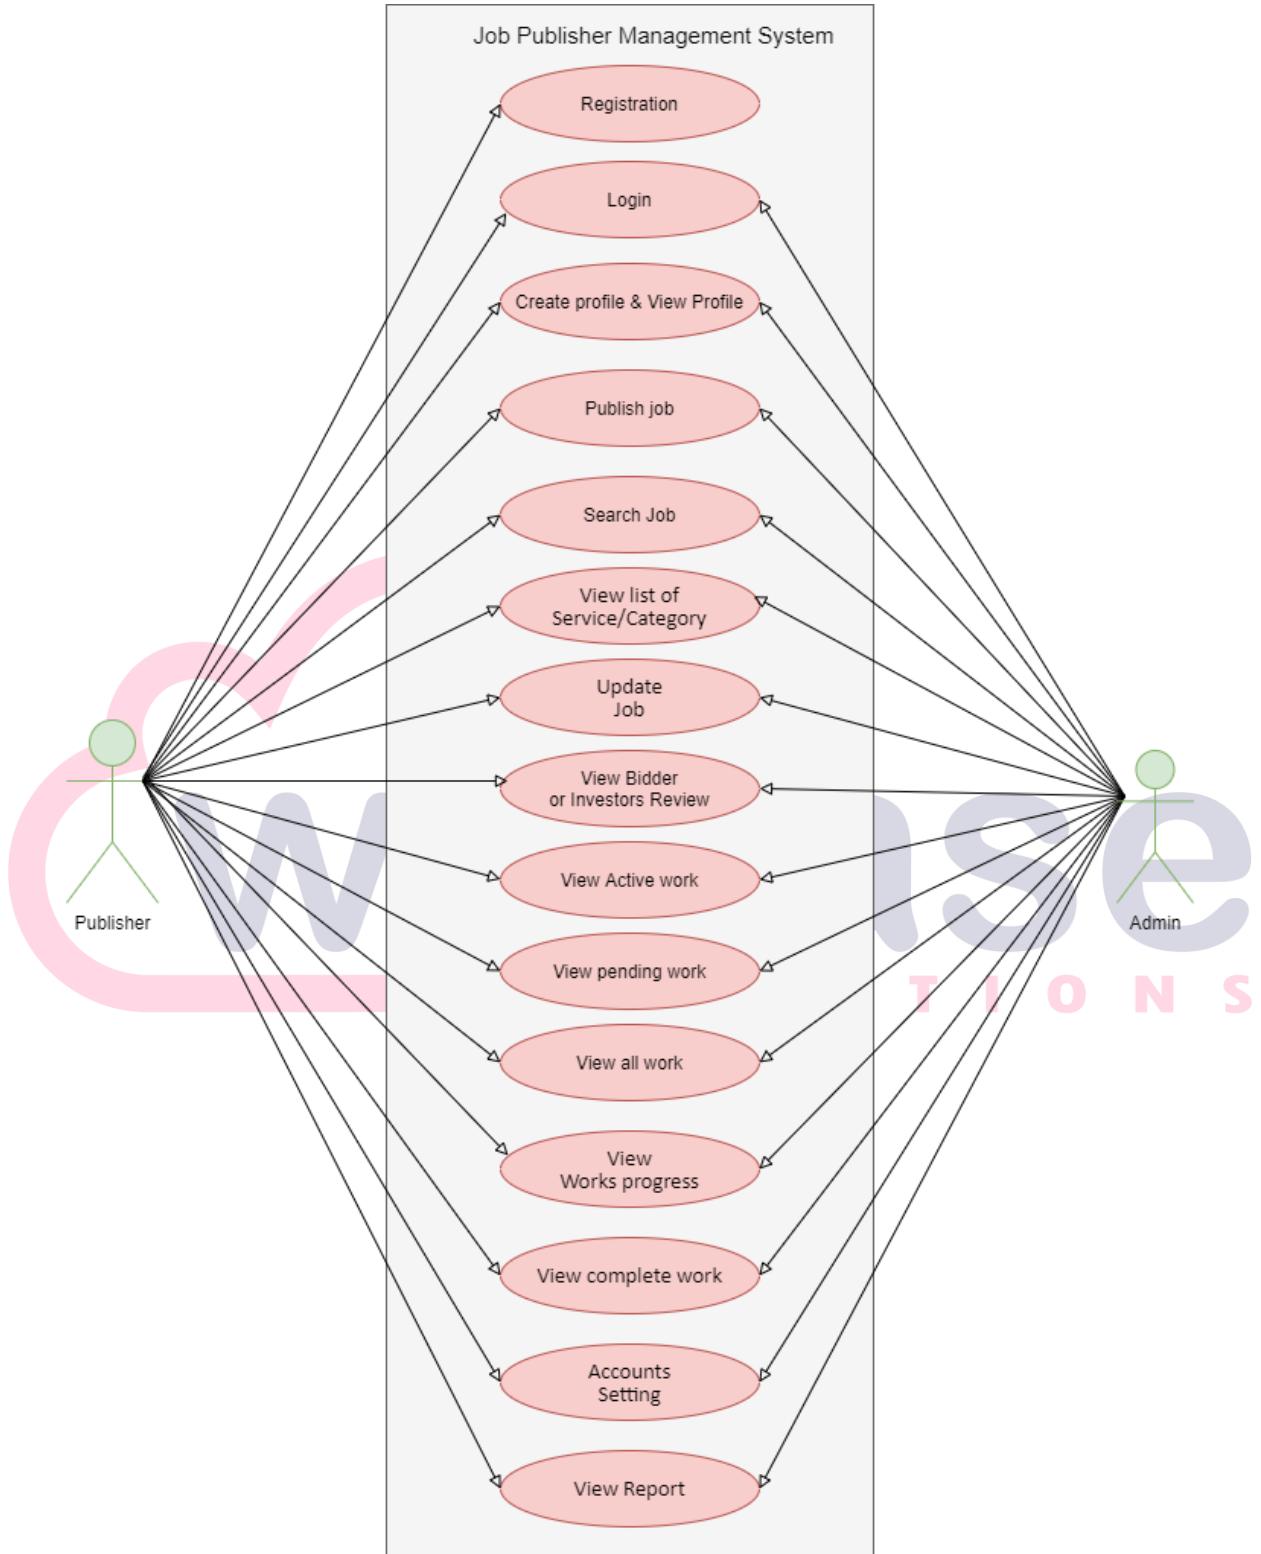

Figure-2: Use Case Diagram of Publisher.

#### 2.1.5.2 Data Flow Diagram for Publisher

##### 2.1.5.2.1 Context Level Diagram of Publisher

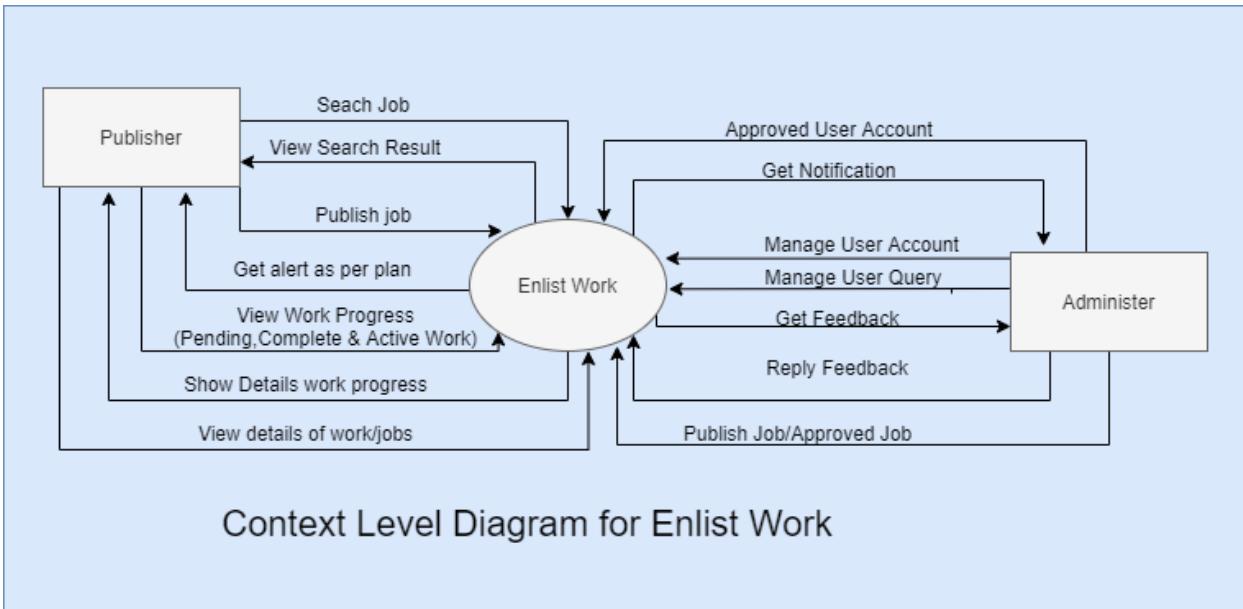

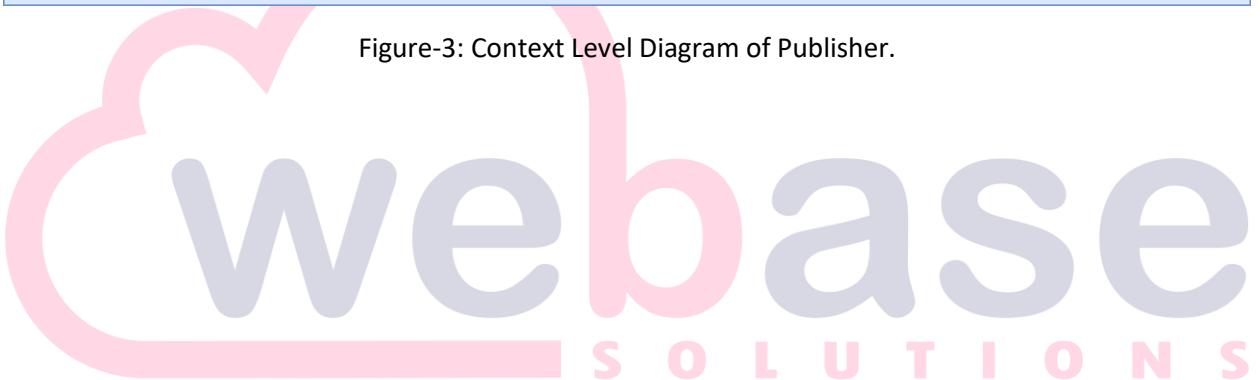

Figure-3: Context Level Diagram of Publisher.

### 2.1.6.2 First level Data Flow Diagram of Publisher

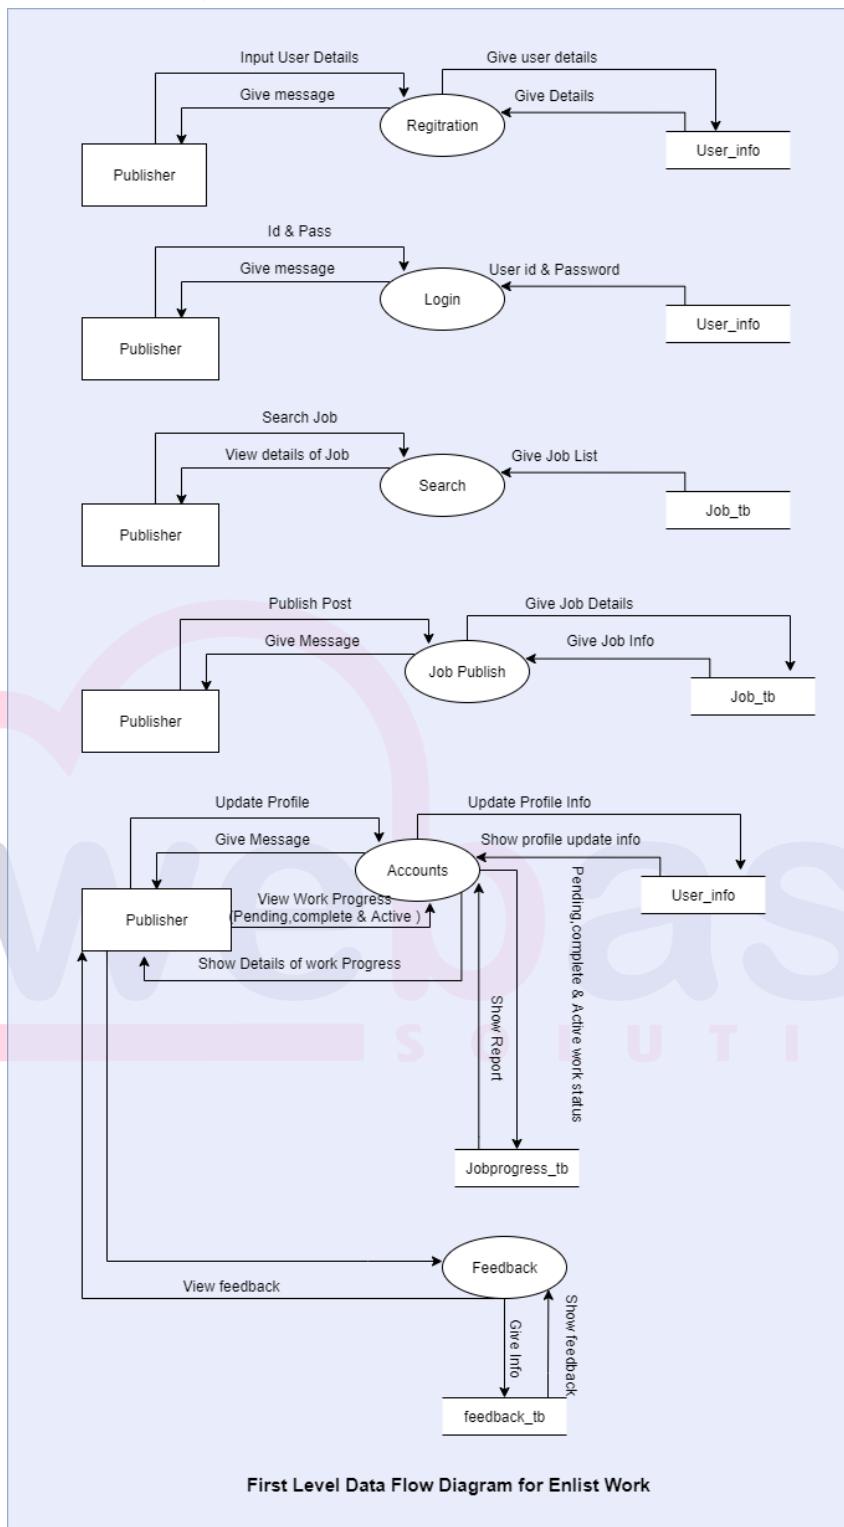

Figure-4: First Level Data Flow Diagram of Publisher

Contrary to popular belief, Lorem Ipsum is not simply random text. It has roots in a piece of classical Latin literature from 45 BC, making it over 2000 years old. Richard McClintock, a Latin professor at Hampden-Sydney College in Virginia, looked up one of the more obscure Latin words, consectetur, from a Lorem Ipsum passage, and going through the cites of the word in classical literature, discovered the undoubtable source. Lorem Ipsum comes from sections 10.0.32 and 10.0.33 of "de Finibus Bonorum et Malorum" (The Extremes of Good and Evil) by Cicero, written in 45 BC. This book is a treatise on the theory of ethics, very popular during the Renaissance. The first line of Lorem Ipsum, "Lorem ipsum dolor sit amet..", comes from a line in section 10.0.32.

The standard chunk of Lorem Ipsum used since the 1500s is reproduced below for those interested. Sections 10.0.32 and 10.0.33 from "de Finibus Bonorum et Malorum" by Cicero are also reproduced in their exact original form, accompanied by English versions from the 1914 translation by H. Rackham.

Contrary to popular belief, Lorem Ipsum is not simply random text. It has roots in a piece of classical Latin literature from 45 BC, making it over 2000 years old. Richard McClintock, a Latin professor at Hampden-Sydney College in Virginia, looked up one of the more obscure Latin words, consectetur, from a Lorem Ipsum passage, and going through the cites of the word in classical literature, discovered the undoubtable source. Lorem Ipsum comes from sections 110.32 and 110.33 of "de Finibus Bonorum et Malorum" (The Extremes of Good and Evil) by Cicero, written in 45 BC. This book is a treatise on the theory of ethics, very popular during the Renaissance. The first line of Lorem Ipsum, "Lorem ipsum dolor sit amet..", comes from line 110.32.

The standard chunk of Lorem Ipsum used since the 1500s is reproduced below for those interested. Sections 110.32 and 110.33 from "de Finibus Bonorum et Malorum" by Cicero are also reproduced in their exact original form, accompanied by English versions from the 1914 translation by H. Rackham.

The screenshot shows a user interface for a project management or bidding platform. At the top, there is a navigation bar with links: ENLIST WORK, Browse job, My Invest, My Publish, My Work, and a My Profile section with icons for profile, messages, and notifications.

The main content area displays a job listing titled "Improvement of Road by RCC & BFS". Below the title are several buttons: View Job Post, Interested Bibber, Interested Investor, Review Bibber, Review Investor, Hire Bibber (which is underlined), and Hire Investor.

A bidder profile for "Bidder 1" is shown, featuring a small circular icon with the text "राजिं" and a star rating of 4.2. The bidder's statistics are listed as follows:

Published Job	42
Invest Job	20
Done Job	60
★ ★ ★ ★ ★	
100 % incomplete	

Job details include Quotation Price (80,000) and Work Completion Date (1 Month 15 Days). A "Work Status" button is also present.

At the bottom right, there is a pagination control with buttons for 1, 2, 3, and 4, and a note stating "Total 26 Page".

### 3. Conclusion:

This Enlist Work system will be improved to automate the manual sub-contract processes to provide usability of sub-contract submission and creation and make the service available all the time. Sub-contract system is a multi-user system, which can be used by a number of users simultaneously. Every user has own user id and password. Personal information can be only accessed by that user. User will be able to view/update their profile and can publish, bid & invest in sub-contract. The User will also view their work activity, pending work, and complete work. User can hire any investor or any bidder. This software will also provide the information about the company and there contact details.

## 1. Introduction:

### 1.1 Purpose

Enlist Work in its simplest form, is described as the electronic publishing, communicating, accessing, receiving and submitting of all sub-contract-related information and documentation via the Internet, thereby replacing the traditional processes, and achieving a more efficient and effective business process for all parties involved.

Nowadays, WASIYOU TECHNOLOGY try to enhance their sub-contract management and have a better control over their company activities. In order to fulfill these requirements in a more efficient way they need software called Enlist Work.

This document is a software requirement specification (SRS) for the Enlist Work of WASIYOU TECHNOLOGY

Enlist Work project is being developed for WASIYOU TECHNOLOGY who wants to control and manage their company data in a more appropriate and neat way. With the help of this project they will have better software to manage their publishing, bidding and investing processing. By developed Enlist Work software will be a one with automation that will help the user to get best facility from the software. It will save year's data records, feedback to management, user review to management with effectively. It will be:

- Fast in response,
- It is possible to work in less time
- Easy to maintain and update information.

## 2.1.6 Prototype & Functional flow description of bidder:

The registration form for Enlist Work features a large central illustration of a person sitting on a stylized blue wave-like background, pointing towards a laptop screen. The screen displays the text "Find & Hire Experienced Company" and "Work with the best enlisted company from our secure, flexible and cost effective platform." To the right of the illustration is a sign-up form with fields for User Name, Phone Number, Email, Country, and Password, each marked with a required asterisk (\*). There is also a checkbox for agreeing to the terms of service and a "Sign Up" button.

Figure-5: Registration form

The login form for Enlist Work is similar in layout to the registration form. It includes a central illustration of a person sitting on a blue wave, pointing at a laptop screen. The screen shows the same promotional text as the registration form. To the right is a login form with fields for Email and Password, both marked with asterisks (\*). A checkbox for accepting the terms of service is present, along with a "Sign In" button and social media login options for Google and LinkedIn. The footer contains copyright information and links to Terms of Service, Privacy Policy, and Aggrement.

**Work Description/ Specification** [View PDF](#)

Contrary to popular belief, Lorem Ipsum is not simply random text. It has roots in a piece of classical Latin literature from 45 BC, making it over 2000 years old. Richard McClintock, a Latin professor at Hampden-Sydney College in Virginia, looked up one of the more obscure Latin words, consectetur, from a Lorem Ipsum passage, and going through the cites of the word in classical literature, discovered the undoubtable source. Lorem Ipsum comes from sections 1.10.32 and 1.10.33 of "de Finibus Bonorum et Malorum" (The Extremes of Good and Evil) by Cicero, written in 45 BC. This book is a treatise on the theory of ethics, very popular during the Renaissance. The first line of Lorem Ipsum, "Lorem ipsum dolor sit amet..", comes from a line in section 1.10.32.

The standard chunk of Lorem Ipsum used since the 1500s is reproduced below for those interested.

### 3. Conclusion:

This Enlist Work system will be improved to automate the manual sub-contract processes to provide usability of sub-contract submission and creation and make the service available all the time. Sub-contract system is a multi-user system, which can be used by a number of users simultaneously. Every user has own user id and password. Personal information can be only accessed by that user. User will be able to view/update their profile and can publish, bid & invest in sub-contract. The User will also view their work activity, pending work, and complete work. User can hire any investor or any bidder. This software will also provide the information about the company and there contact details.

## 1. Introduction:

### 1.1 Purpose

Enlist Work in its simplest form, is described as the electronic publishing, communicating, accessing, receiving and submitting of all sub-contract-related information and documentation via the Internet, thereby replacing the traditional processes, and achieving a more efficient and effective business process for all parties involved.

Nowadays, WASIYOU TECHNOLOGY try to enhance their sub-contract management system and have a better control over their company activities. In order to fulfill these requirements in a more efficient way they need software called Enlist Work.

This document is a software requirement specification (SRS) for the Enlist Work of WASIYOU TECHNOLOGY

Enlist Work project is being developed for WASIYOU TECHNOLOGY who wants to control and manage their company data in a more appropriate and neat way. With the help of this project they will have better software to manage their publishing, bidding and investing processing. By developed Enlist Work software will be a one with automation that will help the user to get best facility from the software. It will save year's data records, feedback to management, user review to management with effectively. It will be:

- Fast in response,
- It is possible to work in less time
- Easy to maintain and update information.

### 1.2 Feature List

### Terms & Conditions

Contrary to popular belief, Lorem Ipsum is not simply random text. It has roots in a piece of classical Latin literature from 45 BC, making it over 2000 years old. Richard McClintock, a Latin professor at Hampden-Sydney College in Virginia, looked up one of the more obscure Latin words, consectetur, from a Lorem Ipsum passage, and going through the cites of the word in classical literature, discovered the undoubtable source. Lorem Ipsum comes from sections 1.10.32 and 1.10.33 of "de Finibus Bonorum et Malorum" (The Extremes of Good and Evil) by Cicero, written in 45 BC. This book is a treatise on the theory of ethics, very popular during the Renaissance. The first line of Lorem Ipsum, "Lorem ipsum dolor sit amet..", comes from a line in section 1.10.32.

The standard chunk of Lorem Ipsum used since the 1500s is reproduced below for those interested. Sections 1.10.32 and 1.10.33 from "de Finibus Bonorum et Malorum" by Cicero are also reproduced in their exact original form, accompanied by English versions from the 1914 translation by H. Rackham.

### 3. Conclusion:

This Enlist Work system will be improved to automate the manual sub-contract processes to provide usability of sub-contract submission and creation and make the service available all the time. Sub-contract system is a multi-user system, which can be used by a number of users simultaneously. Every user has own user id and password. Personal information can be only accessed by that user. User will be able to view/update their profile and can publish, bid & invest in sub-contract. The User will also view their work activity, pending work, and complete work. User can hire any investor or any bidder. This software will also provide the information about the company and there contact details.
